Accessible Toilet Alarm Kit

The NC951 allows a distressed person to raise an alarm in the event of an emergency.

Manufactured in the UK by C-TEC, these simple and attractive kits are compliant with the latest BS8300 standards which requires a call acknowledgement function. Simple to use and install.

Key Features

- Attractive and compact design
- Simple to install 12V system
- Disabled WC sticker in every kit
- Systems can be easily expanded
- All plastic accessories fit 25mm back boxes
- Double gang call controller features a volt-free relay output, rotary volume control and an onboard rechargeable battery backup
- Stainless steel single zone call system also available (NC951/SS)
